Definitions:

Show Rider classes are designed for those who have participated in open shows other than academy or 4H. Show Riders may participate on their own horses or on lesson horses, and show tack is optional but not required. ** Show Rider classes will only be split if there are more than 6 entries.

Open Classes All open horses must be shown in show appropriate tack (full bridles for Saddle Seat horses, acceptable hunt bridles and proper western bridles, full show silver for western horses is not required). This class is open to show or academy riders provided tack requirements are met. This is not a trainers class, please use your best judgment as we are trying to encourage people to get in the industry, this is not intended for green broke horses.

Academy Rider classes are for riders who participate in a lesson program and who have had no prior show experience other than Academy or 4H. Academy riders should show lesson horses and the horse should be prepared as if giving a lesson protective leg gear is permitted, horses may use any type of bridle, saddle should be acceptable to the seat riding. There is no cross entering between Academy WT and Academy WTC.

Riders: Once a rider participates at a horse show other than academy or 4H classes, they are no longer eligible for academy division and must show in show rider classes.

Once a Rider has participated in a Walk Trot Canter class they are no longer eligible for Walk and Trot Only classes.
